

Join us and grow your career with a certified **Great Place to Work** for the last eight years running. We are a team of Engineers, Architects, Surveyors and Scientists committed to making meaningful contributions to the world around us. Our quest for excellence goes beyond the ordinary; we seek extraordinary people who want to showcase their talents and join us in making a difference for our clients and communities. You will be part of a collaborative group that champions your career and passions, embraces challenges, understands the importance of work-life balance, and shares our commitment in making a positive impact through your work.

Farnsworth Group is seeking a **Sr. Water/Wastewater Engineer** reporting to our **Bloomington, IL** office with the flexibility to be based in either our **Champaign, Peoria, Springfield, or St. Louis, MO** office. In this role, you will be focused on water/wastewater/stormwater project management, as well as the planning, design and management of various civil engineering projects.

Job Activities:

- Manage a variety of water and wastewater projects from planning through design, permitting and construction
- Work directly with clients and a multi-discipline design team to manage projects
- Preparation of planning studies and reports for evaluation of project alternatives
- Perform hydraulic calculations and modeling for water and sanitary sewer analysis
- Preparation of reports on engineering analysis and modeling results
- Coordinate with local, state, and federal agencies to facilitate permit approvals
- Manage construction with client and contractor including periodic site visits and meetings
- Lead business development activities and preparation of proposals

Specific Requirements include:

- BS in Civil or Environmental Engineering; Master's degree preferred
- 15 or more years of Water/Wastewater Process Engineering experience
- Professional Engineer (PE) License
- Strong project management, communication and organizational skills
- Involvement with professional organizations encouraged
- Ability to thrive in a fast-paced, dynamic team environment.

About Farnsworth Group

Farnsworth Group is an award winning, employee-owned engineering, architecture, and surveying firm with more than 500 employees located in nearly 30 offices nationwide. We are ranked among the nation's top design firms with clients ranging from small communities to some of the world's largest brands. Our success is the direct result of our talented people, unwavering passion, and exceptional performance. Together, we collaborate with clients to define what matters most to them and strive to move them forward with proven solutions. We do this by focusing on our mission that centers on championing our clients' successes, advancing our communities, and embracing the challenges of a changing world.

A Great Place to Work Certified

For eight consecutive years, Farnsworth Group has earned the esteemed certification as a Great Place to Work; our employees are the reason why! Annually, our staff engages in a survey administered by the Great Place to Work organization that delves into employee perceptions about credibility, respect, pride, fairness, and camaraderie. Those results are benchmarked against the nation's leading companies, and only those top performers gain the Great Place to Work certification. The invaluable insights from the survey have played a pivotal role in further shaping our work environment and fostering a culture to make Farnsworth Group an even greater place to work.
